

## Laps to Lapland Ready Steady Ho Ho Ho Challenge 2020

It's your friendly PE coordinator here. We are now very much on the run up to Christmas but would like to stay active and warm up away from our well ventilated classrooms. So here is our Christmas PE challenge. Last night, Miss C found a sleigh parked next to her car in the car park. We then received an elfphone call to say that Father Christmas had crashed his practise sleigh in North Tawton and needs it back.

We need to work as a school team to complete this challenge as there are 1400 miles between North Tawton and Lapland. So, during the next two weeks at school, we will be walking, running, or a combination of the two to complete a mile each day. We need 140 children to complete their mile each day to reach Lapland by the end of term. So come on team Tawton, let's rise to the challenge and complete 'Laps to Lapland - Ready Steady Ho Ho Ho.

Mr F 🧑🏻‍🎄🧑🏻‍🎄🧑🏻‍🎄
